

Create an immediate impact!

Plant Theatre offers a simple solution for gardeners looking to easily display their favourite pot plants or herbs with maximum effect. Inspired by the original 17th and 18th century auricular theatres, Plant Theatre is a smaller scale, easy to move version. Available in either metal or wood and in a range of colours they are perfect for both indoor and outdoor pot plants or herbs. Within minutes, any gardener or non-gardener can use a Plant Theatre to compliment and enhance the décor of their home, garden, terrace or courtyard – however large or small. Tel: 07771 645534, email: info@plant-theatre.com or visit www.plant-theatre.com
